Red Lake Nation incorporates by reference its Petition into these Comments and affirms its present intention to prosecute its application for the requested channel if it is allotted and, if authorized, to build a station promptly. Red Lake is deserving of an FM Channel as it serves as the headquarters of the Red Lake Nation. As detailed in its Petition, as a tribal entity proposing first local transmission and Tribal-owned commercial radio service over Red Lake Nation Tribal Lands, Red Lake Nation is entitled to a Tribal Priority.

The proposed Tribal Allotment will serve the public interest by providing vital radio service to Red Lake and to the surrounding Red Lake Nation Tribal Lands. The proposed change in the FM Table of Allotments complies with the Commission's technical rules and will further the public interest by providing a first local transmission and Tribal-owned radio service at Red Lake. In view of the foregoing, Red Lake Nation respectfully requests that the Commission adopt the proposed new tribal allotment at Red Lake, Minnesota.

Respectfully submitted,

**RED LAKE NATION**
